**Testimonial For A Job Well Done!**

Nucleus is a public relations consultancy that excels at strategizing, creating and maintaining the right reputation of a client through smart PR plans. Our team of professional experts work on clients across verticals and deliver impactful results. Headquartered in Bangalore, we have teams in Mumbai, Delhi and Kolkata and also work with a team of trusted affiliates across 100 cities in India.

I took up the services of Web Bazaar for my client – Zeva Jewels ([www.zevajewels.in](http://www.zevajewels.in)); who was being introduced to the online world for the first time. I had taken up the express package and was very impressed with her team's readiness to be available and make sure that I understood the process and make the right decision on designs. I was kept updated of the progress at every step. After, a few initial hiccups, which got sorted because of Shweta's timely intervention, her team stepped up and delivered an excellent website that my client is proud of today. Not only did they impress me and my client with their patience and knowledge but also their commitment of continued support thereafter.

I will definitely recommend Web Bazaar's team to everyone who wants to get online and get noticed.

Warm Regards,

Tarunjeet Rattan  
Managing Partner
