

TESTIMONY

This letter is to place on record my gratitude for, and appreciation of, the services rendered to my concern i.e. Xpress Content by Web Bazaar PL.

I state that I am extremely pleased with Web Bazaar's adherence to timescales, professionalism and delivery-schedules.

It remains to be said that the understanding capacities of the executives of Web Bazaar was accurate, considering that there were very few modifications / changes to be made once my idea was given to them, them understanding my requirements, converting it into a functioning website and my subsequent approval.

The employees of Web Bazaar, starting from the day Ms. Archana met me right to the day Ms. Shital Shah mentioned that my site was ready, have treated me with immense respect and friendliness and have treated me with, truly, this statement in their hearts: Customer Is King.

I am very happy that I sought the services of Web Bazaar and am, also, happy with the services and communication-quality displayed by the employees of Web Bazaar.

Lastly, I am grateful to the development team, the delivery team and the other individuals who have been involved in this endeavour.

In me, Web Bazaar has created a loyal customer.
